YEARLY REPORT TO BORC

Attended NCRC weeklong in Puerto Rico.

Work continued to revise/consolidate Medical Lectures for Level I including Hypothermia, Medical Assessment and Medical Considerations, and to revise/consolidate Medical Lecture for Level II. Added Patient Lifts to Initial Assessment and Treatment as it was not covered.

Future plans:

1. Continue work on lesson plans and presentations, consolidating and adding illustrations to PowerPoint's.
2. Continue to re-evaluate Patient Tie-in.
3. November: Attend Curriculum Committee meeting in Austin

Respectfully,

Stephen Mosberg, M.D.
